“ So many memories flashed through my mind when I heard of Moe's passing, most pertaining to high school. His fun loving devil may care personality, his kindness to others, the dances at senior prom, the flowers on Valentines Day. It's been a few decades but feels like yesterday. I've thought of you often my old friend, my regret is not reaching out to stay in touch. Rest In Peace.

“ I was so shocked to learn of Moe's passing. He was such a loving and helpful person to so many. I have always said he was born in the wrong generation, he could have lived off the land if given the opportunity.. I think he took after his Father when it came to his knowledge of plants and animals. Moe, I'm sure Dad was waiting for you up there.. Hope you can meet up with all the people who loved you and with whom you have shared your knowledge. You will be loved and missed by many@

“ I have way to many memories to post them all. Moe has been there for me in so many ways from learning to hunt, to being my go to guy for answers to what bug is this or that and same with animal questions, he was like a personal encyclopedia! He has been my inspiration on getting My crocheting and crafts moving to sell! Even taught me in the last few weeks on a project and walked me threw the steps to patten it! Most of all love him for loving my sister ! I'm gonna miss him so much, but will forever carry him in my heart! Love you handsome and miss you

“ I always enjoyed visiting with Moe when he came to my desk in scheduling. We even talked one time about hunting as my son was just getting into duck hunting. He was such a kind soul. My thoughts and prayers are with all who knew and loved him.
