“ The Estelle (Edward deceased) O'Brien family wish to extend their heartfelt condolences to the Freed children. Merle and Eva raised their family in C.R. down the street from us. Merle was a tough one on barbeques to get it just right but Eva didn't care, as long as we tired out her kids while she talked with our mom. Between fishing and other outings. We all got out of the house. I will miss them and the times we spent together growing up.
