“ Just heard about Kristen passing and im heartbroken. We had so much fun together in High School. Sushi runs, cream soda and starcrunches. Kristen was always so full of life and outgoing. I truly miss her so much.... I miss you KG!

“ We also have a son at LIFT who knew Kristin. He talked about her energy, her enthusiasm and her encouragement to all the students. They began LIFT program together, but she progressed quickly as she was a solid and excellent pilot. Our hearts go out to you as you grieve. She made such an impact on so many and sure lived life to the full as could be seen in the video. God bless. - The Barnards (Florida)

“ Kristen and I always had a great friendship! We had so many memories of playing "possum" when her grandmother thought we were too quiet during sleepovers. She always was up for anything with me. This included our multiple runs to pancheros, walks for incredibly sugary starbucks drinks, TPing to get some revenge, our many sleepovers, and oreo shakes. No matter what, you always knew how to encourage me, and make me laugh. You left this world far too soon. I am praying for the family and friends effected by the loss of this wonderful woman!

“ I couldn't have hoped for a better friend than Kristen. She was generous, honest, kind, a great listener, and an absolute joy to be around. Everything seemed like an adventure for Kristen, whether going to the store for cookie dough and ice cream or traveling across the country (or the world). She always seemed full of boundless energy, and although it was sometimes hard or even impossible to keep up with her, she always made it worth the effort. I am very grateful for her friendship and to have known her for as long as I did. Although I will miss her dearly in the days, months, and years to come, and I wish we had more time together, it gives me comfort to know that she lived more in 28 years and five months than most people do in 80.
